

The differences or errors in the competition Forged Painting are in order:
 (all found points or errors are missing on the duplicat - they can be seen on the original)

1. the sixth **white bird**, counted from the right hand - right from the castle
2. the most right **pinnacle** on the roof from the castle
3. the dark gray **cloud** right above the missing pinnacle on the roof of the castle
4. **green flag** most left on the roof of the castle
5. the **middle window** of the three closely spaced windows on the castle is reversed
6. the **small window** from the turret to the left of the castle
7. **left gable beam** on the top of the red roof from the middle/left house
8. **sky reflection in the right small window** of the turret of the craftsman's house
9. **door hinge** from the door of the craftsman's house
10. **swapped or twisted symbols** on the shield of the craftsman's house
11. **oriel window** on the first floor of the middle house in the foreground
12. **smoke obscured window** (on the original) of the house right from the central house - (the window is clearly visible on the duplicate)
13. **white/black spiral pillar** on the building behind the right front house
14. **patch** on the tent roof of the sales booth right in front
15. **wooden box or barrel** right very close to the corner of the original
